

Natural Resources Workforce Development Fellowship

Team Science Theme: Management in the Aftermath of Landscape-Scale Disturbances

The Southwest Climate Adaptation Science Center (SW CASC) Natural Resources Workforce Development (NRWD) Fellowship was developed to provide graduate students with opportunities for training and practice in developing use-inspired and actionable science to inform natural resource management decisions. Those selected will make up a team of 8 scientists, working together over the course of twelve months.

One applicant from each of the seven SW CASC consortium institutions (see map) will be selected to take part in the 2020-2021 fellowship cohort. We encourage broad participation from students who identify with groups that have been traditionally underrepresented in the government and academic workforce.

Funding for successful applicants includes a stipend of \$5,000, with an additional travel allowance of \$1000 for each cohort meeting that occurs away from their home campus. **Each of the successful applicants (2) at The University of Arizona will also receive one full year of graduate tuition.**

Find more information and the application at:
<https://www.swcasc.arizona.edu/nrwd-fellowship>

Deadline: March 17, 2020

Applicants Must:

Be currently enrolled in a Master's or Ph.D. degree-granting program at one of the SW CASC consortium institutions (see map).

Be a student in good standing and progressing toward completion of their degree.

Be able to attend two in-person multi-day cohort meetings Fall 2020 and Fall 2021, and monthly cohort teleconferences.

Demonstrate the relevance of their research to the 2020-2021 SW CASC NRWD Team Science Theme.

Important Dates

Applications Due
March 17, 2020

Decisions Announced
April 21, 2020

Fellowship Duration
October 2020 to October 2021

In Person Trainings
Fall 2020/Fall 2021
